

School Accountability Report Card Reported Using Data from the 2020–2021 School Year

California Department of Education

For TERI, INC. The Country School

Address: 3225 Roymar Road, Oceanside, Ca. 82058 **Phone:** 760-744-4870

Principal: Shane Peterson-Hamilton

Grade Span: 3-12+

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Throughout this document the letters DPL refer to data provided by the LEA, and the letters DPC refers to data provided by the CDE.

Table 3: School Description and Mission Statement (School Year 2021–2022)

TERI’s Country School serves students living in San Diego and South Riverside counties who have Autism, ADD/ADHD, and other forms of mild to moderate disabilities affecting learning, behavior, and social skills. The Country School offers children and young adults aged 8-22 an alternative path to their final destination - a small school setting and safe haven where they can learn what they need to know in order to live a life filled with endless possibilities.

The Country School’s team of professionals is committed to the success of each student in reaching his or her full potential. Instruction is tied to state standards with a focus on strategies and skills that help students achieve both academically and socially. The Country School is a diploma granting educational institution licensed by the State of California and also serves students receiving certificates of completion.

Teachers work together with classroom aides, a speech and language pathologist, an occupational therapist and behavior specialist to provide a seamless and integrated program in a teacher to student ratio of 1:9, 1:3, or 1:1 based on individual need. The Country School includes multi-age, multi-grade middle school, high school, and practical skills classes (for those who will not receive a high school diploma), and a transition class to prepare students for adult life. All of our teachers are highly qualified with their special education credentials. In

addition to remedial academics, students also participate in a range of electives including music instruction, fitness, therapeutic equestrian classes, drama, and more. The school admits both students who are privately placed and those on IEP's and referred by Public School Districts. Parents should contact the Country School Principal to arrange an intake interview and tour and receive tuition information. The Country School operates on a traditional school year calendar with summer school available (based on enrollment).

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Total Teaching Positions	4					

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Table 11: School Facility Conditions and Planned Improvements

The Country School completes a “General Health and Safety Checklist” form quarterly which is then reviewed by the safety committee members on a quarterly basis. The most recent checklist was free from any non-compliant issues. The school is painted on a regular basis and an Annual Facility Needs Assessment is completed with the Director of Maintenance at the end of each school year. These maintenance tasks are then completed during the school closure/summer break. During the school closure due to COVID-19, several improvements were made to the school, including painting the entire school, updating bathrooms and installing new flooring in the school entrance, hallways and four bathrooms. Additionally, artificial turf was replaced on an area of the playground. A system is in place to address maintenance needs as they come up. The maintenance department is also available in the case of an emergency or urgent need. The Country School does not have any major upcoming maintenance projects for the current school year. The school is cleaned on a daily basis by an outside cleaning service provider

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **SARC Reporting in the 2020–2021 School Year Only**
Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:
 - Aligned with CA CCSS for ELA and mathematics;
 - Available to students in grades 3 through 8, and grade 11; and
 - Uniformly administered across a grade, grade span, school, or district to all eligible students.
 - **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
 - Smarter Balanced ELA and mathematics summative assessments;

- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**Table 14: CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven taking and completing a state-
administered assessment

Subject	School 2019– 2020	School 2020– 2021	District 2019– 2020	District 2020– 2021	State 2019– 2020	State 2020– 2021
English Language Arts/Literacy (grades 3-8 and 11)	DPC	N/A	DPC	N/A	DPC	N/A
Mathematics (grades 3-8 and 11)	DPC	N/A	DPC	N/A	DPC	N/A

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

Table 21: Career Technical Education Programs (School Year 2020–2021)

The Country School has two high school programs. An academically geared class (9th – 12th grade) as well as a Functional skills class (11th-12 grade + (18-22 years of age) which students receive a certificate of completion.

Each of our high school classes develop a vocational/career assessment portfolio and offers a wide range of vocational activities.

The academic high school class works on interest inventories and assessments throughout the year that rates each student's strengths and interests and pairs them with jobs they would be best suited for. We provide tours of college campuses as well as vocational opportunities. Vocational opportunities include but are not limited to; work in our agency thrift store, work experience at our Equestrian and Agricultural programs and micro-enterprises specific to student's interests.

Our Functional skills class provided a variety of vocational opportunities throughout the school year. They have access to jobs within our company of TERI, Inc as well as work sites in the community. Students have opportunities to learn and explore a variety of vocational opportunities such as office work, urban farming, sales, janitorial work, etc. Most students aging out of the Country School at 22 will enter Adult Day Programs funded by the Regional Center.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Table 24: California Physical Fitness Test Results (School Year 2020–2021)

Note: Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020–2021 school year and therefore no data are reported.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Table 25: Opportunities for Parental Involvement (School Year 2021–2022)

TERI is dedicated to fostering a partnership with parents whose children and adults are involved in our programs. A good partnership meets the needs of the family and the program as well as the community. Communication is the foundation of an effective partnership, and we want to foster a Parent Organization in which parents can learn from and help each other as well support their child's program. We attempt to connect parents and their children to information and social experiences and to build a sense of community. Parents are encouraged to attend events and activities at the school such as Back to School nights, Open House, Surf events, Prom, Holiday parties, Graduations etc

[Use this space to provide information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.]

State Priority: Pupil Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to other year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to other school years.

<p><i>The Country School has 4 multi-age, multi-grade classrooms with a 1:9 ratio led by an Education Specialist. Some students also require a 1:1 instructional assistant based on their needs behaviorally and/or academically. A Board Certified Behavior Analyst oversees 2 onsite behavior specialist at the school and conducts a functional assessment following admission. Speech Language Pathology and Occupational Therapy is provided through direct and consultant services. The Country School provides a number of enrichment programs/activities to the students. These programs include: Equestrian Therapy, Agricultural experience, Music Therapy, Fitness classes, yoga classes, Drama classes, Drums Alive.</i></p>

The Country School offers an annual 40 hour recertification prior to the start of school. During this recertification the Country School staff are recertified in: behavior interventions, safety protocol, first aid, CPR, IEP implementation, curriculum planning.

Throughout the school year, teachers have access to professional conferences provided by NCCSE (North Coastal Consortium for Special Education). Teachers can attend these workshops free of charge.

Teachers also receive individual mentoring throughout the year and meet monthly with the school principal to make sure that they are on track. Staff have bi-weekly staff meetings and teachers meet with their staff at least once a month to talk in depth about student data and progress.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

*At or above the grade-level standard in the context of the local assessment administered.

Note: LEAs/schools will populate this table for schools in cases where the school administered a local assessment.

Note: LEAs/schools will populate double dashes (--) in this table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: In cases where all the schools in this LEA administered only the CAASPP for Mathematics assessment, LEAs/schools will populate this table with “N/A” values in all cells, meaning this table is Not Applicable for this LEA.
