

## ABOUT TERI

Since 1980, TERI has been changing the way the world sees and helps individuals with autism and other intellectual and developmental disabilities. With over 18 programs and services, we work tirelessly to restore hope, provide solutions, and empower our students to live happy, fulfilling lives.

As part of our mission we created social enterprises like TERI Organic Farms Microgreens. These enterprises give our adult students the opportunity to learn vocational skills in a nurturing environment, and financially contribute to the sustainability of our non-profit programs.

By purchasing organic microgreens from TERI, you are receiving a high-quality product while contributing to positively transforming the lives of people with special needs in your community.

a social enterprise of TERI, Inc.

*Experience the  
high-quality difference of  
TERI Microgreens*

TERI Organic Farms  
MICROGREENS  
a social enterprise of TERI, Inc.

Certified Organic • Seeded & Grown to Order • Strong, Healthy Plants  
Farm-to-Kitchen Delivery • Longer Shelf Life

The TERI Organic Farms Difference

What makes TERI microgreens different? We grow our plants in a unique soil mix created by TERI Farms staff. This special soil mix produces stronger, healthier plants that have vibrant colors, robust flavor, and a longer shelf life.

Chefs who purchase our greens are delighted to have an organic product that not only adds flavor and color, but also lasts much longer in the refrigerator.

At TERI Organic Farms your microgreen choices are grown to order. This means once you place your first order we start the growing process. You can then set a schedule for the items you want, and how often you want them delivered.

We guarantee the freshness of all our microgreens, and believe they are the highest quality microgreens available in San Diego County.

**Your Purchases Give Back**

When you purchase microgreens from TERI Organic Farms you are giving vocational opportunities to people like Sammy (photo), as well as others at TERI who have special needs. Your purchase helps support TERI’s non-profit programs that daily serve hundreds of individuals with special needs. It’s an extra good feeling to know that in addition to improving your culinary creations you are also improving the quality of life for people with special needs.

**Thank you. We appreciate your support.**
